## Climate Finance Forum

Advisor KI II 6,  
Federal Ministry for the Environment,  
Nature Conservation, Building and Nuclear Safety (BMUB)

Bonn, 21 May 2016

## Political Context

- 2007 - COP13: Bali Action Plan (“enhanced action on the provision of financial resources and investments”)
- 2011 - COP17: Cancun Agreement, incl. Joint mobilisation of US\$ 100 billion annually from 2020
- 2012 - COP18: NAMA Facility; „initial funding“ of DECC and BMUB to implement NAMAs
- 2014 - Initial capitalization of the Green Climate Fund (GCF) with US\$ 9,3 billion
- 2015 - COP21:
  - Combination of 2°C and 1.5°C target as well “net zero emissions“ **clear signal for decarbonisation** (PA Art. 4.1)
  - Extending US\$ 100 billion target through 2025 and „making finance flows consistent“ with climate ambition **requires shifting the trillions** (PA Art. 2 c)

## IKI's two-fold strategy

Combines  
concrete  
on-the-ground  
activities  
with  
'conceptual work'

applies  
'acting and  
negotiating'  
approach

Aims to generate  
momentum for  
negotiations on  
UNFCCC and CBD

Aim: to support partner countries in preparing and conducting actions that make a significant contribution to the prevention of greenhouse gas (GHG) emissions. Assistance is provided to partner countries to enable them to:

Implement mitigation targets of the Paris Agreement (NDCs)

Implement emissions reductions taking effect before 2020 (e.g. NAMAs)

Develop cross-sectoral, long-term mitigation strategies (e.g. LCDSSs)

Continue capacity development in connection with MRV

## Contribution to policy regimes – example (I)NDC support

- **Support for INDC preparation in advance to COP 21**
  - Bilateral support to 34 partner countries
  - Process guidance and peer-to-peer learning in multilateral fora
- **Implementing the PA: Support for NDC implementation**
  - 2016 IKI NDC Support Cluster initiated, consisting of six multi-country IKI projects that will work in approx. 26 countries on NDC support
- **Beyond IKI – joining development and environment forces through an NDC Partnership**
  - Joint initiative of BMUB, BMZ and WRI to foster focus and coordination of NDC projects, improve access to finance, maximize synergies and increase the effectiveness of the support provided.

## Mitigation
