Key Elements of the NDC Partnership

10 September, 2016
Rabat, Morocco
Objectives of the Partnership

Lead a process of facilitation, coordination, collaboration, and shared learning to achieve:

- Enhanced visibility and access to existing NDC support programs
- Better designed, more responsive NDC support programs
- Greater alignment between climate and development agendas
- Increased political momentum for Paris implementation
- Transformational climate policies
Guiding principles

- Support country-driven processes
- Promote long-term climate action
- Enhance efficiency and responsiveness
- Build in-country capacity
- Improve coordination
- Enhance integration into national planning
- Advance adaptation and mitigation
- Align development and climate change
- Support multi-stakeholder engagement
Who is part of the Partnership

Countries and institutions will request in writing to join

All members support guiding principles and share information about their activities beyond business as usual

Members are invited annually to identify 3-5 examples that showcase early action and ambition aligned with the principles
What the Partnership will do

DEVELOP AND SHARE KNOWLEDGE & INFORMATION

FACILITATE TECHNICAL SUPPORT

FACILITATE FINANCIAL SUPPORT
