

**The 5th Asia Regional Dialogue Mitigation Action Implementation
Network (MAIN-Asia)**

Da Nang, 29/11-02/12/2016

**VIETNAM'S NDC
IMPLEMENTATION PLAN**

**Department of Meteorology, Hydrology and Climate Change
Ministry of Natural Resources and Environment of Vietnam**

General information

- ✓ Viet Nam has submit INDC to UNFCCC on 30/9/2015
- ✓ Viet Nam has signed the PA on 22/4/2016 and ratified on 03/11/2016

INDC → **1st NDC**
(03/11/2016)

The MONRE Minister HE Dr. Trần Hồng Hà signed the PA on behalf of the Government of Viet Nam at the UN Head Quarter in New York, USA, on 22/4/2016

Viet Nam's NDC

- ✓ Viet Nam NDC includes two main parts which are mitigation and adaptation
- ✓ Implementation period: 2021-2030
- ✓ *Mitigation component: GHGs emission reduction compared to BAU: 8% (unconditionally) and 25% (conditionally)*
- ✓ *Adaptation component: NDC identifies adaptation gaps in terms of institutional and policy arrangements, financing, human resource capacity and technology and prioritized adaptation measures.*

Viet Nam's NDC implementation plan

- ✓ The Plan for Implementation of the PA was approved by the Decision No.2053/QĐ-TTg dated 28/10/2016 by the Prime Minister. This supported legal basis for the participation of Viet Nam into the PA on 03/11/2016.
- ✓ PA Implementation Plan covers the contents of the NDC and is divided into two periods: 2016-2020 and 2021-2030.

Viet Nam's NDC implementation plan

- Mitigation

2016-2020:

- ✓ To review and revise the policies related to the mitigation of GHG emissions and green growth, including:
 - ✓ *To develop the Decree for roadmap and methods for Viet Nam to participate in global mitigation of GHG emissions;*
 - ✓ *To develop national carbon market and pilot in potential sectors.*

Viet Nam's NDC implementation plan

- Mitigation

2016-2020 (cont.):

- ✓ To operate the national GHG inventories, perform periodic GHG inventory for the base years of 2014, 2016 and 2018
- ✓ To develop national MRV system for mitigation action
- ✓ To update the contribution of GHG emissions for the global assessment in 2018
- ✓ To develop and implement NAMAs that can mobilize financial resources

Viet Nam's NDC implementation plan

- Mitigation

2021-2030:

- ✓ Implementation of activities for GHG emission mitigation and green growth in the energy, agricultural, transportation, construction sectors appropriate to national conditions based on the evaluation of global efforts in 2023 and 2028
- ✓ Implement GHG inventory for national reports under the provisions of the Paris Agreement and periodic evaluation of global efforts

Viet Nam's NDC implementation plan

- Adaptation

2016-2020:

- ✓ To review and revise the policies related to the adaptation
- ✓ To develop a national adaptation plan
- ✓ To develop national MRV system for adaptation action
- ✓ Updating the contribution to adaptation for the global assessment in 2018

Viet Nam's NDC implementation plan

- Adaptation

2021-2030:

- ✓ Proactively responding to natural disasters and strengthen climate monitoring
- ✓ Ensuring social security
- ✓ Responding to sea level rise and flood in urban area

Thank you very much!
